# Welcome

Lithuanian Ophthalmological Society is pleased to host second Baltic Eye Surgeons Talk Show - BEST vol. 2, which is to be held in Vinius, May 2-3, 2014. The start for this conference was made by our Estonian colleagues Artur Klett and Toomas Sepp, who developed the idea for the meeting of Baltic Eye Surgeons and made the wonderful start in Tallin, June 2013.

Meeting in Lithuania will focus on ocular trauma and we cordially welcome not only the surgeons, but all the ophthalmologists in order to deal with this serious and complicated issue.

We will have the wonderful opportunity to listen to the lectures of distinguished invited speakers Prof. Harinder *Dua* (UK) and Prof. Ferenc *Kuhn* (USA).

We cordially invite you not to miss this event!

With warmest regards,

Loreta Kuzmienė

*President of Lithuanian Ophthalmological Society*
